

A Green Energy Product from
S.R.Electronics
NEW DELHI - India

Description :

CFL Inverter

Wattage 45 W

12V Dc 7.0 - 7.2 Ah Battery

3 CFL Operating/8 led bulb of 5 watt

No Fire / No Leakage

AC / DC Charging(Solar)

features :

Features:

- * Compact & light weight
- * Low cost, high performance
- * Battery quick charging in 6-8hrs
- * MOSFET based High Frequency Digital Technology
- * Portable, Anytime, anywhere useful kit(useful for home & shop etc)
- * Maintenance Free system
- * Battery charging even at low/high mains voltage (85-285v AC)

Protection:

Battery Over Charging

- * Deep Discharge
- * Over Load
- * Short Circuit
